**Advisory Committee Appointments**

The District is currently accepting applications for the four (4) committees that are advisory to the Board of Directors on issues relating to Water, Finance, Emergency Services, and Recreation. Staff has set a deadline of January 15<sup>th</sup>, 2010 at 5:00pm for receiving applications from members of the public that wish to serve on any committee. A list of committee candidates will be prepared and posted, in accordance with District by-laws, so that final appointments can be made at the regular Board of Directors meeting on February 4<sup>th</sup>, 2010. Members of the public interested in serving on any of the District's advisory committees can pick up an application at the District office. Applications are also available in the back of the room at the January 7<sup>th</sup> meeting of the Board of Directors.

**District Web Site**

District staff have begun to investigate ways of improving the LOCSO web site. The web site is an excellent tool for answering common questions, and providing important information to our customers. Staff is excited about the opportunities this presents, and we will all be working together to develop ideas for improvement. The goals of the project will be a new, fresh look to the web site, as well as features intended to inform and engage the public. Another goal is to include staff training to improve the timing of information updates and web site maintenance. The revised web site will also have updated links and money saving tips on water conservation and information on recreational opportunities in Los Osos. This is a project that all the staff will be involved in, and any ideas from the Board and the public are certainly welcome.
