TO: LOCSB Board of Directors

FROM: Sandi L. Woods, Administrative Supervisor *SLW*

SUBJECT: Agenda Item 5G -2/04/2010 Board Meeting
Approve Purchase of New Main Server for Computer System

SUMMARY

The District's Sage MIP Accounting System as well as the Sage ABRA HR and Payroll System announced upgrades this past month that the District's old server will not handle. It is critical that the District keeps our accounting system and payroll system operating.

The District's current Main Operating Server is a 2000 model, which makes it ten years old.

Attached is a quote from Dell for a Microsoft SQL Server 2008 Standard, OEM. The Microsoft SQL Server 2008 Standard was chosen upon the advice of the District's IT consultant as being the equipment most compatible with the accounting and payroll software the District utilizes.

Financial Consideration:

The total sum of \$5,927.17 for the Microsoft SQL 2008 Standard Server will be charged to G.L. Code 6120, Fund 100. Although this Server was not budgeted in the 2009/2010 District's approved budget, it is imperative that the District maintain a reliable accounting and payroll system.

Sufficient savings in other line items in the appropriate expenditure object, the Services and Supplies object, exist to pay for the \$5,927.17 expenditure without the need for a budget adjustment.

RECOMMENDATION:

It is recommended that your Board approve the purchase of a new Microsoft SQL 2008 Server to be funded from Account 6120, Fund 100.
