

Recycle Your Christmas Tree

Cut tree into 4-foot or smaller lengths.

Place tree parts in your green waste cart no later than 6 AM on your regular collection day.

Remove all tinsel, decorations and tree stands. No flocked trees.

If you don't have green waste collection service, you can take your Christmas tree to any landfill or transfer station and it will be recycled. For locations go to our website at www.iwma.com or look in the local AT&T phone book yellow pages under Recycling. Note that a fee will be charged at these facilities.

The San Luis Obispo County Integrated Waste Management Authority and your local garbage company thank you for recycling your Christmas tree.
