Fund 301 - Fire

Major Adjustment Requests: There are line item increases in Services and Supplies and Capital Outlay that are being proposed. The increases are primarily attributed to Legal and Professional Services (7320 & 7326), Oxygen & Cylinder Rental (7234) and Repairs and Maintenance (6775). To offset the increases, there are decreases in other line items to reduce the overall budget impacts. The primary reductions are in line items for Fire Personal Protection Equipment (6440), Paramedic & EMT Supplies (7238) and Capital Improvements (9006).

On the Revenue side, an increase in Investment Income on Funds (4510) is being recommended.

Impact to Budget: The adjustment requests will decrease the Fund 301 operating budget by \$20,364. The individual requests are discussed in the summary section below.

Fund 301 – Mid-Year Budget Adjustment Summary

The following are the adjustments for the significant line-item adjustments. More detailed information is available in the attached Mid-Year Budget Adjustment worksheets.

Fund 500 - Water

Major Adjustment Requests:

- Adjustments to Personnel costs due to the district having 27 payrolls in this Fiscal Year instead
 of 26 and a minor increase in Wages and Salaries.
- Adjustments and increases in Services and Supplies which are mainly the result in cost increases
 to fund Basin Management Committee projects and increases in well pumping cost due to the
 rise in electricity rates.
- Significant increase in the Capital Outlay budget due to escalated construction and consulting services costs.

Impact to Budget:

- Net increase in Personnel of \$16,180.00.
- Net increase in the Services and Supplies budget of \$35,648.00.
- Projected net increase in Capital Outlay budget of \$808,000.

Fund 500 - Mid-Year Budget Adjustment Summary

On the revenue side of the budget at mid-year, water sales, service fees and other revenues are slightly ahead of projections most due to a revised estimate in Investment Income and commercial water sales. Grant income has not been incorporated into the revenue projections because of the uncertainty of the cash flow from the Department of Water Resources as it relates to expenditures during the fiscal year.

On the expense side, Fund 500 (Water) budget requires adjustments within several of the object level categories in Services and Supplies resulting in a net increase of \$35,648.00 and in Total Personnel, an increase of \$16,180.00. The line item categories that required significant increases are:

- Total Salaries and Wages (increase of \$14,050)
- Legal & Professional (increase \$15,000 related to BMC expenses)
- Rent & Utilities (increase \$31,563 related to electricity expenses)

Staff was able to decrease several line-items to reflect either actual for service or anticipated costs reductions for the fiscal year to offset some of the increases referenced above (see attached budget detail). The overall increase in the operating budget, minus capital outlay, is \$51,828.00.

The following table summarizes the <u>larger</u> budget increases in the **General Ledger line-items** recommended for Mid-Year adjustments:

| Salaries & Wages | | | | | |
|---------------------------------|----------------------|------------------------------------|--|--|--|
| 8054-Salaries & Wages – Regular | \$5,000.00 increase | Total Salaries & Wages were | | | |
| 8081-Vacation Pay | \$10,000.00 increase | increased due to 27 payrolls in FY | | | |
| Legal & Professional | | | | | |
| 7318- Professional & BMC | \$20,000.00 increase | BMC expenses | | | |
| Rent & Utilities | | | | | |
| 8610-Electricity | \$30,000 increase | Increase in rates | | | |

Capital Outlay Summary of Changes

As identified in the 2023-24 Capital Improvement Plan, there are three capital projects planned for construction.

| FY 2023-24 Mid-Year Capital Improvement Projects Status Report | | | | | | | |
|--|--|----------------|----------------|----------|--|--|--|
| Budget Code | FY 2020-21 Project Original Budget Revised Budget Status | | | | | | |
| 500/9006 | Program "C" Well Construction | \$1,378,000.00 | \$2,030,000.00 | Pending | | | |
| 500/9006 | 16th St. North Tank Rehabilitation | \$490,000.00 | \$600,000.00 | Complete | | | |
| 500/9006 | Heavy Equipment Storage Structure | \$100,000.00 | \$100,000.00 | Pending | | | |
| | TOTAL | \$1,968,000.00 | \$2,730,000.00 | | | | |

As indicated in the table above, costs have risen dramatically since the original estimates due to multiple factors including supply chain issues for materials causing cost increases, increases in consultant rates and overall inflation. The Program C well Project was originally estimated to cost approximately \$2.1 million in 2021. The actual costs will be closer to \$3.1 million by the time of completion. The District was awarded a grant from the Department of Water Resources (DWR) for \$1.5 million for the Program C Well and Pipeline Project which will help offset the above referenced increase in project cost.

Similar escalated cost issues are attributed to the increase in costs for the 16th Street North Tank Rehabilitation Project.

The following table summarizes the changes in the Fund 500 budget. More detailed line-item descriptions of the various budget adjustments are provided as an attachment to the report. The following table summarizes the revised budget for Fiscal Year 2023-24.
