George Huang

- COVID-19 Response. Many hours were spent this past month by staff to respond to and prepare for COVID-19 pandemic. I would like to thank our staff for the efforts they put forward to ensure the delivery of the District's essentials services. I want to assure the community that Board of Directors and staff have taken every step possible to protect the health and wellbeing of our community members and our staff. I am always available by phone or email to answers any questions you may have; 805-528-9379 or [rmunds@losososcsd.org](mailto:rmunds@losososcsd.org).

- For up to date information regarding COVID-19 and other District activities, go to our website, [www.losososcsd.org](http://www.losososcsd.org). We are continually updating information and links on the site to guide you to the most current information available.

- The Flume Water Smart Monitor rebate program was launched this month. As of March 25<sup>th</sup>, 52 rebates have been issued which is more than anticipated at this stage of the program. Needless to say, we are excited that the program has been embraced by our water customers and we are looking forward to more Flume devices being rebated in our water service area.

- Just a reminder that the District's new ENews Online newsletter is available. Community Members can subscribe to the newsletter on the District's website and the newsletter is also made available on the Los Osos Community Services District Facebook page. The newsletter is a way for the District to connect with the residents and inform them of interesting content about things happening in the District and the community. The newsletter is published on monthly basis so go check out what's new!
