DESCRIPTION

This report includes our required quarterly investment report for Q3 2022.

STAFF RECOMMENDATION

Motion: I recommend to the Board that the Board receive and file the Quarterly Investment Report for the third quarter of 2022.

Discussion

The District's Investment Policy requires the Finance Officer/Treasurer, which is the General Manager, to make quarterly investment reports to the Board as detailed further below and in the attachments.

Quarterly Report

Policy: Finance Officer/Treasurer shall file a quarterly report that identifies the District's investments and their compliance with the District's Investment Policy. The quarterly report must be filed with the District's auditor and considered by the District's Board of Directors within thirty (30) days after the end of each quarter (i.e., by May 1, August 1, November 1, and February 1) (California Government Code § 53646).

The District holds Treasury Investments in US Bank as detailed in the attached "Detailed quarterly investment report third quarter of 2022."

The District holds funds in checking, LAIF, and money market accounts as detailed in the attachments for each account. Pursuant to District policy, these funds require limited quarterly reporting of the most recent ending statements for the quarter. See attachment.

Compliance: The District's investments comply with the Investment Policy, California Government Code § 53646, and California Government Code § 16429.1.

Cash Flow: Based on our analysis, the District can meet cash flow requirements, including any pool expenditure requirements, for the next six months.

Recent Maturities

Two US Treasury Bills, one for \$506,000 and the other for \$200,000, matured on August 11, 2022. The Bills were held within our Wastewater Redemption and Reserve Funds for legal reserve requirement purposes.

These investments resulted in a combined \$2,307.25 in earnings. All earnings and income from these investments reduce future costs to taxpayers related to the wastewater debt.

The District plans to reinvest the funds from these two Bills. Staff will review cash flow needs of the funds, legal reserve requirements, and current interest rates to determine the appropriate allocation of reserves and investments.
