December 5, 2023

Board of Directors Los Osos Community Services District 2122 9<sup>th</sup> Street Los Osos, California 93402

We have audited the financial statements of the Los Osos Community Services District (the District) for the year ended June 30, 2023. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 16, 2023. Professional standards also require that we communicate to you the following information related to our audit.

#### Significant Audit Findings

# Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate(s) affecting the District's financial statements were:

- Estimate of the net pension liability
- Estimate of other post-employment benefits liability
- Estimate of depreciable lives of capital assets

The financial statement disclosures are neutral, consistent, and clear.

#### Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

#### Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. The following material misstatements detected as a result of audit procedures were corrected by management:

- To reclassify capital outlay expense amounts to capital assets.
- To record the current year change in pension accounts.
- To record current year changes in the Other Post-Employment Benefits Liability.
- To record current year depreciation expense.

**Board of Directors** Los Osos Community Services District

#### Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

#### Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 5, 2023.

### Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

#### Other Matters

We applied certain limited procedures to the Required Supplementary Information related to pensions, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

#### Restriction on Use

This information is intended solely for the information and use of Board of Directors and management of the Los Osos Community Services District and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Fechter & Company. **Certified Public Accountants**

### **INDEPENDENT AUDITOR'S REPORT**

Board of Directors Los Osos Community Services District Los Osos, California

## **Report on the Audit of the Financial Statements**

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities, the businesstype activities, each major fund, and the aggregate remaining fund information of the Los Osos Community Services District (the District), as of and for the fiscal year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining information of the Los Osos Community Services District, as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

# **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

# **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter. Board of Directors Los Osos Community Services District Los Osos, California

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 11, the budgetary comparison information on pages 54 - 56, the schedule of proportionate share of net pension liability on page 57, the schedule of pension contributions on page 58, and the schedule of changes in net OPEB liability and related ratios on page 59, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied

certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries of the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Los Osos Community Services District's basic financial statements. The combining nonmajor funds financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining nonmajor funds financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor funds financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

# Other Report Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 5, 2023, on our consideration of the Los Osos Community Services District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Management's Discussion and Analysis June 30, 2023

## BACKGROUND

The Los Osos Community Services District (the District), a political subdivision of the State of California, was formed on January 1, 1999, pursuant to Ballot Measure K-98 to provide services previously provided by the County of San Luis Obispo (County) in specific benefit zones of what was formerly County Service Area 9. The District operates pursuant to Section 61000 of the California Government Code, currently authorized to provide Water, Solid Waste, Fire Protection, Drainage, Street Lighting, and Parks and Recreation Services. The District is governed by a five-member Board of Directors with an operations staff headed by a general manager.

As management of the Los Osos Community Services District, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities for the year ended June 30, 2023.

We encourage readers to consider the information presented here in conjunction with additional information that we furnish in our letter of transmittal and the District's financial statements.

# **OVERVIEW OF THE BASIC FINANCIAL STATEMENTS**

The District's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America. The basic financial statements include four components: 1) government-wide financial statements, 2) fund financial statements, 3) notes to the basic financial statements, and 4) required supplementary information. This report also contains other supplementary information in addition to the basic financial statements for nonmajor governmental funds. The government-wide statements consist of the Statement of Net Position and the Statement of Activities.

#### **Government-Wide Financial Statements**

The Government-Wide Financial Statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Over time increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned and unused employee vacation balances).

Management's Discussion and Analysis June 30, 2023

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their cost through user fees and charges (business-type activities). The governmental activities of the District include fire protection, parks and recreation, drainage, general government and street lighting. The business-type activities of the District include water and solid waste services.

# **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds of the District are in two categories, namely, governmental and proprietary.

In a few instances where trust accounts are held, trust liability accounts are used in the related fund instead of being held in a separate fiduciary category of funds. The wastewater assessment district fund is treated as a fiduciary category fund for the accounting of the on-going wastewater assessments.

### **Governmental Funds**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on the balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. For the purposes of government funds there are currently no long-term debt obligations.

Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains six individual governmental funds organized according to their type: general and special revenue. The District does not currently have debt service or capital projects type funds in the governmental funds. Information is presented separately in the governmental funds' balance sheet and in the governmental funds' statement of revenues, expenditures, and changes in fund balances for the General Fund, the Fire Fund, and the Drainage Fund, with all other funds presented into an aggregate column. Due to their small size relative to the fire and general funds, individual

Management's Discussion and Analysis June 30, 2023

fund data for each of the nonmajor governmental funds (Bayridge, Vista de Oro, and Parks and Recreation) is provided in the form of combining statements found in the other supplementary information section of this report.

A budgetary comparison statement has been provided for the General Fund, the Fire Fund, and the Drainage Fund, to demonstrate compliance with budgetary laws of the State of California and policies and ordinances approved by the District's Board of Directors. This statement is shown under the required supplementary section of this report. Individual budgetary data for each of the nonmajor governmental funds (Bayridge, Vista de Oro, and Parks and Recreation) is not presented.

### **Proprietary Funds**

There are two types of funds classified as proprietary, namely, enterprise and internal service funds. The District only maintains the enterprise type of proprietary funds. The District currently uses three enterprise funds to account for its water, wastewater, and solid waste activities. These three enterprise funds are presented in individual columns in the fund financial statements. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The Wastewater operations were eliminated upon the completion of and the implementation the Second Amended Plan for Adjustment of Debts for the Los Osos Community Services District as further amended by non-material modifications as ordered by the Bankruptcy Court effective October 15, 2013. Effective June 30, 2014, the District transferred the remaining activity of the Wastewater Fund to a Wastewater Fiduciary Fund for the reporting of the remainder of the bond payments being collected through the San Luis Obispo County Tax Rolls. Effective April 1, 2022, County of San Luis Obispo transferred the Mission Country Disposal solid waste franchise agreement to the District. Therefore, a new proprietary fund was added to the 2021-2022 financial statements.

#### Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

#### **Required Supplementary Information**

The statements are followed by a section of required supplementary information (RSI) that further explains and supports the information in the financial statements. Comparison of Budget to Actual for major governmental funds is shown under this caption.

# **Other Supplementary Information**

Other supplementary information presents data that, although not required, is necessary to provide the reader of the basic financial statements more details to promote understanding of the statements as a whole. The combining statements for the nonmajor governmental funds are presented here.

Management's Discussion and Analysis June 30, 2023

#### Analysis of Overall Financial Position and Results of Operations

#### Statement of Net Position

At the end of fiscal year June 30, 2023, the District is able to report positive balances in both the District as a whole as well as for its separate governmental and business-type activities.

The total assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources at June 30, 2023 by \$15,252,812.

The District's net position reflects its investments in capital assets, less any related debt that is still outstanding from what was used to acquire those assets. Although the District's investment in its Capital Assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other resources. This debt must be provided from other sources since the Capital Assets themselves cannot be used to liquidate the liabilities.

The District should be able to maintain a positive trend with the implementation of timely financial reporting, extensive mid-year reviews and adjustments, and continual monitoring of all funds' activities. Completing these processes will help ensure that the District has no going concerns or problems.

#### Statement of Activities

Overall, the results of operations as shown in the Statement of Activities has an increase in Net Position of \$2,279,842. Total revenues increased over the prior year by \$951,255. Water service fees decreased by \$43,513, grant revenue increased by \$559,422, and property tax revenue increased by \$133,792. This continuing increase in property tax revenue received is in agreement with the trend in the rest of the County.

Overall expenses in Governmental Activities increased by \$293,786. Total expenses in Business-Type Activities increased by \$221,463.

Investment Income increased by \$13,531 over Fiscal Year 2021-2022 because of rising interest rates and the implementation of a new investment strategy during the fiscal year.

| Net pension liability                         |               | 635,906                  |    | 967,655                   | <br>1,603,561   |    | 296,920                  |    | 405,081                   |    | 702,001      |    | 901,560          | 128.4%            |
| Total   | \$            | 712,287                  | \$ | 5,040,082                 | \$<br>5,752,369 | \$ | 378,522                  | \$ | 4,821,250                 | \$ | 5,199,772    | \$ | 552,597          | 10.6%             |

The total of long-term debt is \$5,752,369, an increase of \$552,597, due primarily to an increase in the net pension liability of \$901,560, partially offset by decreases in loan payables and the other post-employment benefits liability.

#### Management's Discussion and Analysis June 30, 2023

#### Fire and Water Fund Reserves

The District maintains cash reserves in the following funds for various purposes as budgeted annually by the Board of Directors. The reserve balances in each fund as of June 30, 2023 are as follows:

| <u>Fire Fund</u><br>General contingency<br>Vehicle, equipment, and fire engine rep<br>Capital outlay<br>Public facilities fee<br>Fire mitigation<br>Total | \$<br>493,226<br>1,306,022<br>540,562<br>40,334<br>135,449<br>2,515,593 |
|---|---|
| Water Fund  |   |
| General contingency   | \$<br>699,183   |
| Capital outlay  | 1,999,563   |

| Water quality   | 91,517  |
| Water stabilization   | 158,456   |
| Basin management  | 50,031  |
| Water conservation  | 59,288  |
| Total   | \$<br>3,202,682   |
| Drainage Fund   |   |
| General contingency   | \$<br>10,000  |
| Capital outlay  | 55,000  |
|   | \$<br>65,000  |
| Parks and Recreation Fund   | \$<br>198,879   |

#### Significant Events or Disclosures

During a major storm event on January 9, 2023, the Cabrillo Estates stormwater detention basin experienced a major breach to the basin wall. The breach resulted in the release of water which severely impacted nineteen homes in the Vista de Oro neighborhood. The repair cost of the stormwater basin and recovery efforts in the neighborhood placed a financial strain on Fund 800 (Drainage). A \$300,000 interfund loan from Fund 500 (Water) to Fund 800 will allow for continued drainage operation and maintenance by District staff. The loan will be repaid over a five-year period with interest.

More information about the District, its financial condition, policies, governance and management is available on the District website at www.losososcsd.org.

Sincerely,

Ron Munds General Manager

NOTES TO THE BASIC FINANCIAL STATEMENTS

Notes to the Basic Financial Statements June 30, 2023

# NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## A. The Financial Reporting Entity

The Los Osos Community Services District (District), a political subdivision of the State of California, was formed on January 1, 1999, pursuant to Ballot Measure K-98 to provide services previously provided by San Luis Obispo County (the County) in specific benefits zones of what was formerly County Service Area 9. After formation, the District added solid waste services providing service to all properties in the District. It operates pursuant to Section 61000 of the California Government Code. It is currently authorized to provide fire protection, water, solid waste, street lighting, drainage, and parks and recreation services. It is governed by a five-member Board of Directors with an operations staff headed by a general manager.

#### **B.** Basis of Presentation

#### Fund Financial Statements:

The fund financial statements provide information about the District's funds. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories with each major fund displayed in a separate column. A fund is considered major if it is the primary operating fund of the District or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or proprietary fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or proprietary fund are at least 5 percent of the corresponding total for all governmental and proprietary funds combined.

All remaining governmental funds are aggregated and reported as nonmajor funds in a single column, regardless of their fund type.

The funds of the financial reporting entity are described below:

#### **Governmental Funds**

<u>General Fund</u> – The General Fund, more commonly referred to as the Administrative Fund, is the general operating fund of the District and is always classified as a major fund. It is used to account for all other activities except those legally or administratively required to be accounted for in other funds.

Notes to the Basic Financial Statements June 30, 2023

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Special Revenue Funds</u> – Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The following are Special Revenue Funds:

- 301 Fire Fund
- 200 Bayridge (a subdivision where lighting and septic system maintenance are provided)
- 400 Vista de Oro (a subdivision where lighting and septic system maintenance are provided)
- 800 Drainage
- 900 Parks and Recreation

### **Proprietary Funds**

<u>Enterprise Funds</u> – Enterprise funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector.

Proprietary Funds are as follows:

- 500 Water
- 600 Wastewater Treatment Project Fund (This is for the aborted sewer system project and may in the future be reclassified to the governmental category.)
- 650 Solid Waste Fund

#### **Fiduciary Funds**

The fiduciary funds are accounted for on the accrual basis of accounting because the fund is custodial in nature (assets equal liabilities). A measurement of results of operations is not shown.

Fiduciary funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. The District maintains two agency funds - Los Osos Community Services District Wastewater Assessment District No. 1 and the Low Income Assistance Fund.

#### **Major Funds**

The District reported the following major governmental funds in the accompanying financial statements:

<u>General Fund</u> – This is the District's primary operating fund and is more commonly referred to as the Administrative Fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The fund provides for public administration, overall management, occupancy, computer systems, accounting, legal, consulting, communication, and insurance as it pertains to the District as a whole.

<u>Drainage Fund</u> – This fund accounts for the operation and maintenance of the District's drainage system.

# Notes to the Basic Financial Statements June 30, 2023

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

 $\underline{\text{Fire Fund}}$  – This fund accounts for activities of Fire Station 15 – South Bay. The fire department provides fire suppression, emergency paramedic services, and fire prevention including public education. Services are provided through a contract with Cal Fire for the entire community. Reserve firefighters and administrative operational costs are paid by the District outside the Cal Fire contract.

The District reported the following major proprietary funds in the accompanying financial statements:

<u>Water Fund</u> – This fund accounts for the operation and maintenance of the District's water distribution system. The water department is responsible for the operation and maintenance of five groundwater supply wells providing treatment, monitoring, and distribution services.

<u>Wastewater Treatment Project Fund</u> – This fund originally accounted for projects relating to the District's wastewater treatment project. Since the wastewater treatment project was stopped, this fund now mainly reflects functions relative to bankruptcy proceedings and assessment costs on the aborted sewer project.

<u>Solid Waste Fund</u> - This fund provides trash cleanup and recycling services for the community through a franchise agreement with a private company.

#### C. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements regardless of the measurement focus applied.

#### **Measurement Focus**

On the government-wide statement of net position and the statement of activities, both governmental and business type activities are presented using the economic resources measurement focus as defined in item "b" below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate:

- a. All governmental funds are accounted for using a "current financial resources" measurement focus. With this measurement focus, only current assets and current liabilities generally are included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. All proprietary funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets and all liabilities (whether current or non-current) associated with the operation of these funds are reported. Proprietary fund equity is classified as net position.

Notes to the Basic Financial Statements June 30, 2023

# **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

#### **Basis of Accounting**

In the government-wide statement of net position and statement of activities, both governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset is used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when "measurable and available". Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The District defines available to be within 60 days of fiscal year-end. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for principal and interest on long term debt, claims and judgments, and compensated absences which are recognized as expenditures to the extent that they have matured. Governmental capital asset acquisitions are reported as expenditures in governmental funds. Proceeds for governmental long-term debt and acquisitions under capital leases are reported as other financing sources.

Those revenues susceptible to accrual include taxes, intergovernmental revenues, interest, and charges for services. Certain indirect costs are included in program expenses reported for individual functions and activities.

Grant revenues are recognized in the fiscal year in which all eligibility requirements are met. Under the terms of grant agreements, the District may fund certain programs with a combination of costreimbursement grants, categorical block grants, and general revenues. Thus, both restricted and unrestricted net position are available to finance program expenditures. The District's policy is to first apply restricted grant resources to such programs, followed by general revenues if necessary.

All proprietary funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset is used. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal revenues and expenses. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

The fiduciary funds are accounted for on the accrual basis of accounting. Because the fund is custodial in nature (assets equal liabilities), a measurement of results of operations is not shown.

Notes to the Basic Financial Statements June 30, 2023

# **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

# **D.** Property Taxes

The County levies, bills, and collects property taxes and special assessments for the District. Property taxes levied are recorded as revenue in the fiscal year of levy, due to the adoption of the "alternate method of property tax distribution", known as the Teeter Plan, by the District and the County. The Teeter Plan authorizes the Auditor/Controller of the County to allocate 100% of the secured property taxes billed, excluding unitary tax (whether paid or unpaid). The County remits tax monies to the District on a monthly basis. The final amount which is "teetered" is remitted in August each year.

Tax collections are the responsibility of the County Tax Collector. Taxes and assessments on secured and utility rolls, which constitute a lien against the property, may be paid in two installments; the first is due November 1 of the fiscal year and is delinquent if not paid by December 10; and the second is due on March 1 of the fiscal year and is delinquent if not paid by April 10. Unsecured personal property taxes do not constitute a lien against real property unless the tax becomes delinquent. Payment must be made in one installment, which is delinquent if not paid by August 31 of the fiscal year. Significant penalties are imposed by the County for late payment.

Property valuations are established by the Assessor of the County for the secured and unsecured property tax rolls. Under the provisions of Article XIIIA of the State Constitution, properties are assessed at 100% of purchase price or value in 1978 whichever is later. From this base assessment, subsequent annual increases in valuation are limited to a maximum of 2 percent. However, increases to full value are allowed for property improvements or upon change in ownership. Personal property is excluded from these limitations, and is subject to annual reappraisal.

Tax levy dates are attached annually on January 1 preceding the fiscal year for which the taxes are levied. The fiscal year begins July 1 and ends June 30 of the following year. Taxes are levied on both real and unsecured personal property, as it exists at that time. Liens against real estate, as well as the tax on personal property, are not relieved by subsequent renewal or change in ownership.

# E. Cash and Investments

The District pools the cash of all funds, except for monies deposited with fiscal agents in accordance with related bond indentures. The cash and investments balance in each fund represents that fund's equity share of the District's cash and investment pool.

Interest income earned on pooled cash and investments is allocated quarterly to the various funds based on month-end balances. Interest income on restricted cash and investments with fiscal agents is credited directly to the related fund.

The District's investments are carried at fair value. The fair value of equity and debt securities is determined based on sales prices or bid-and-asked quotations from Securities and Exchange Commission (SEC) registered securities exchanges or NASDAQ dealers. Local Agency Investment Fund (LAIF) determines the fair value of their portfolio quarterly and reports a factor to the District. Changes in fair value are allocated to each participating fund.

Notes to the Basic Financial Statements June 30, 2023

# NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

For purposes of the statement of cash flows, the District has defined cash and cash equivalents to be change and petty cash funds, equity in the District's cash and investment pool, and restricted non-pooled investments with initial maturities of three months or less.

## F. Accounts, Grants, and Interest Receivable

In the government-wide statements, receivables consist of all revenues earned at fiscal year-end and not yet received. Receivables are recorded in the financial statements net of any allowance for doubtful accounts if applicable, and estimated refunds due. Major receivable balances for the governmental activities may include sales taxes, property taxes, grants; and other fees, if any. Business-type activities report utilities and grants as their major receivables.

In the fund financial statements, material receivables in governmental funds may include revenue accruals such as franchise tax, grants, service charges and other similar intergovernmental revenues that are both measurable and available. Non-exchange transactions collectible but not available are deferred in the fund financial statements in accordance with the modified accrual basis of accounting, but not deferred in the government-wide financial statements in accordance with the accrual basis. Interest and investment earnings are recorded when earned, if paid within 60 days since they would be considered both measurable and available. Proprietary fund material receivables consist of all revenues earned at fiscal year-end and not yet received. Utility accounts receivable and interest earnings comprise the majority of proprietary fund receivables. The fiduciary funds receivable primarily consists of tax assessments.

# G. Prepaid Expenses and Inventory

Inventory is valued at the lower of cost or market using the first-in, first-out (FIFO) method. The cost is recorded as an expenditure/expense in the funds at the time individual inventory items are purchased rather than when consumed. This is then adjusted by physical inventory at fiscal year-end. Inventory in the enterprise funds consist principally of materials and supplies for utility operations.

Payments to vendors that reflect costs applicable to future accounting periods are recorded as prepaid items in both government-wide and fund financial statements.

# H. Restricted Assets

Funds that are under the control of external parties are restricted.

Notes to the Basic Financial Statements June 30, 2023

# **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

# I. Capital Assets

The accounting treatment of property, plant, and equipment depends on whether the assets are used in governmental fund operations or proprietary fund operations. The presentation and recording of governmental assets are described below.

#### Government-Wide Statements

In the government-wide financial statements, capital assets with a historical cost of \$5,000 or more are accounted for as capital assets. All capital assets are valued at historical cost, or estimated historical cost if actual is unavailable, except for donated capital assets, if any, which are recorded at their estimated fair value at the date of donation. Estimated historical cost was used to value the *majority* of the assets.

With the implementation of the Governmental Accounting Standards Board (GASB) Statement No. 34, the District has recorded all its public domain (infrastructure) capital assets on the government-wide statements.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

| Buildings                         | 40-50 years |
|-----------------------------------|-------------|
| Improvements other than buildings | 5-25 years  |
| Infrastructure                    | 5-60 years  |
| Equipment and systems             | 5-30 years  |

# Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are capitalized when purchased.

Notes to the Basic Financial Statements June 30, 2023

# NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# J. Accumulated Compensated Absences

Compensated absences comprise unused vacation leave, sick leave, and compensatory time off, which are accrued as earned. Vacation can be accrued to a maximum of 40 days or 320 hours for the regular employees or 440 hours for the non-exempt employees. At termination of employment for any reason, the District shall compensate the employee for his/her accumulated vacation time at his/her straight time rate of pay at the time of termination. Sick leave can be accrued up to 180 days or 1,440 hours. Only half of accumulated sick leave hours can be paid on termination to eligible employees. Employees become eligible for sick leave pay-off after completing five years of service. Payments are based on the pay rate at the time of termination. The District's liability for the current and long-term portions of compensated absences is shown in the government-wide Statement of Net Position for both governmental funds and proprietary funds. Only proprietary funds reflect the long-term portion in the fund financials report, Statement of Net Position. The short-term portion is reflected for both governmental and proprietary funds in the fund financial statements. Computation was based on rates in effect as of the fiscal year-end.

# K. Long-Term Liabilities

In the government-wide financial statements, long-term liabilities are presented for both governmental and proprietary fund types. In the fund financial statements, only the proprietary funds show long-term liabilities.

In the fund financial statements, the face amount of debt issued is reported as other financing sources. Premiums received are reported as other financing sources, while discounts are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### L. Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Los Osos Community Services District California Public Employees' Retirement System (CalPERS) Miscellaneous, Miscellaneous PEPRA (Public Employees' Pension Reform Act), Safety Fire, and Safety Fire PEPRA Plans and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

# M. Other Postemployment Benefits (OPEB)

For purposes of measuring the net OPEB liability and deferred outflows/inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District's plan (OPEB Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Notes to the Basic Financial Statements June 30, 2023

# NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

# N. Deferred Outflows and Inflows of Resources

Pursuant to GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources*, *Deferred Inflows of Resources, and Net Position*, and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, the District recognizes deferred outflows and inflows of resources.

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. A deferred outflow of resources is defined as a consumption of net position by the government that is applicable to a future reporting period. The District has two items which qualify for reporting in this category, refer to Note 7 and Note 8 for a detailed listing of the deferred outflows of resources the District has recognized.

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. A deferred inflow of resources is defined as an acquisition of net position by the District that is applicable to a future reporting period. The District has two items which qualify for reporting in this category; refer to Note 7 and Note 8 for a detailed listing of the deferred inflows of resources the District has recognized.

# **O.** Interfund Transactions

The following is a description of the three basic types of interfund transactions that can be made during the fiscal year and the related accounting policies:

- 1. <u>Interfund services provided and used</u> transactions for services rendered or facilities provided. These transactions are recorded as revenues in the receiving fund and expenditures in the disbursing fund.
- 2. <u>Reimbursements (expenditure transfers)</u> transactions to reimburse a fund for specific expenditures incurred for the benefit of another fund. These transactions are recorded as expenditures in the disbursing fund and a reduction of expenditures in the receiving fund.
- 3. <u>Transfers</u> all interfund transactions which allocate resources from one fund to another fund. These transactions are recorded as transfers in and out.

Notes to the Basic Financial Statements June 30, 2023

# **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

# P. Equity Classifications

### *Government-Wide Statements*

GASB Statement No. 63 requires that the difference between assets added to the deferred outflows of resources and liabilities added to the deferred inflows of resources be reported as net position. Net position is classified as either net investment in capital assets, restricted, or unrestricted.

Net position that is *net investment in capital assets* consist of capital assets, net of accumulated depreciation, and reduced by the outstanding principal of related debt. *Restricted net position* is the portion of the net position that has external constraints placed on it by creditors, grantors, contributors, laws, or regulations of other governments, or through constitutional provisions or enabling legislation. *Unrestricted net position* consists of net position that does not meet the definition of net investments in capital assets or restricted net position.

# **Q.** Future Accounting Pronouncements

GASB Statements listed below will be implemented in future financial statements:

| Statement No.100 | <i>"Accounting Changes and Error Corrections"</i> | The provisions of this statement are effective for fiscal years beginning after June 15, 2023.     |
|------------------|---|--|
| Statement No.101 | "Compensated Absences"                            | The provisions of this statement are effective for fiscal years beginning after December 15, 2023. |

# **R.** Use of Estimates

The financial statements have been prepared in accordance with principles generally accepted in the United States of America and necessarily include amounts based on estimates and assumptions by Management. Actual results could differ from these amounts.

Notes to the Basic Financial Statements June 30, 2023

# NOTE 2 – CASH AND INVESTMENTS

The District's cash and investments at June 30, 2023 consisted of the following:

| Cash and Investments:                                   |                  |
|---|------------------|
| Cash on hand  | \$<br>900        |
| Deposits with Financial Institutions                    | 1,155,816        |
| Deposits with Financial Institutions - held by trustees | 9,381            |
| Investments:  |                  |
| Local agency investment fund                            | 10,866           |
| Money market funds                                      | 6,388,861        |
| US Government Issues                                    | 1,205,692        |
| Money market funds - held by trustees                   | 861,177          |
| US Government Issues - held by trustees                 | 1,081,791        |
| Subtotal - investments                                  | <br>9,548,387    |
| Total Cash and Investments                              | \$<br>10,714,484 |

The composition of cash and investments as of June 30, 2023, by fund type and restriction is as follows:

|                       | Available<br>Operatio |              | Total        |
|-----------------------|-----------------------|--------------|--------------|
| General Fund          | \$ 143,0              | 981 \$ -     | \$ 143,081   |
| Special Revenue Funds | 3,695,7               | 215,610      | 3,911,333    |
| Proprietary Funds     | 4,707,7               | - 21         | 4,707,721    |
| Fiduciary Funds       |                       | 26 1,952,323 | 1,952,349    |
|                       | \$ 8,546,5            | \$ 2,167,933 | \$10,714,484 |

# Investments

Investments of the District are governed by the California Government Code and by the District's investment policy. The General Manager of the District acts as the District Finance Officer and Treasurer who is tasked to perform investment functions in accordance with the investment policy. The objectives of the policy are safety, liquidity, yield, and compliance with State and Federal laws and regulations.

# Classification

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. These principles recognize a three-tiered fair value hierarchy. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The District had investments in the State Investment Pool, and money market funds, however, these external pools or deposits measured at cost are not required to be measured under Level 1, 2 or 3.

# Notes to the Basic Financial Statements June 30, 2023

# NOTE 2 – CASH AND INVESTMENTS (CONTINUED)

#### Investments of the District as of June 30, 2023

The table below identifies the investment types the District has that are authorized for the District by the California Government Code or the District's investment policy, where more restrictive, that addresses interest rate risk, credit risk, and concentration of credit risk. This table does not address investments of debt proceeds held by bond trustees that are governed by the provisions of debt agreements of the District, rather than the general provisions of the California Government Code or the District's investment policy.

| Authorized Investment Type                          | Maximum<br>Maturity | Maximum<br>Percentage<br>of Portfolio | Maximum<br>Investment in<br>One Issuer |
|---|---------------------|---------------------------------------|--|
| Local Agency Boards                                 | 5 years             | None                                  | None                                   |
| U.S. Treasury Obligations                           | 5 years             | None                                  | None                                   |
| Federal Agency Securities                           | N/A                 | None                                  | None                                   |
| Bankers' Acceptances                                | 180 days            | 40%                                   | 30%                                    |
| Commercial Paper                                    | 270 days            | 25%                                   | 10%                                    |

| County Pooled Investment Fund                       | N/A                 | None                                  | None                                   |
| State Registered Warrants, Notes or Bonds           | N/A                 | None                                  | None                                   |
| Notes and Bonds for Other Local California Agencies | 5 years             | None                                  | None                                   |
| Local Agency Investment Fund (LAIF)                 | 5 years             | None                                  | None                                   |

#### **Disclosure Relating to Interest Rate Risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment is, the greater the sensitivity of its fair value is to changes in market interest rates. One of the ways that the District's interest rate risk is mitigated is by purchasing a combination of short-term and long-term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Notes to the Basic Financial Statements June 30, 2023

# NOTE 2 – CASH AND INVESTMENTS (CONTINUED)

#### **Disclosure Relating to Interest Rate Risk (continued)**

Information about the sensitivity of the fair values of the District's investments (including investments held by bond trustees) to market rate fluctuations is provided by the following table that shows the distribution of the District's investments by maturity as of June 30, 2023:

|                        | Minimum Carrying Legal Rating as of Fiscal Ye |        |             |    |    |             |  |
|------------------------|---|--------|-------------|----|----|-------------|--|
| Investment Type        | Amount  | Rating | Aaa         |    | Aa | Not Rated   |  |
| LAIF                   | \$ 10,866                                     | N/A    | \$-         | \$ | -  | \$ 10,866   |  |

#### Investments with Fair Values Highly Sensitive to Interest Rate Fluctuations

The District has no investments (including investments held by bond trustees) that are highly sensitive to interest rate fluctuations.

#### **Disclosures Relating to Credit Risk**

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by nationally recognized statistical rating organizations. Presented below is the minimum rating required by (where applicable) the California Government Code, the investment policy, or debt agreements, and the actual rating as of the fiscal year ended June 30, 2023 for each investment type.

|                        |                                      |           | Remai           | ning I | Maturity (in | Mon               | ths)      |                   |

Notes to the Basic Financial Statements June 30, 2023

# NOTE 2 – CASH AND INVESTMENTS (CONTINUED)

# **Concentration of Credit Risk**

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. The District minimizes its credit risk by investing only in the safest types of securities or investments.

The biggest investments of the District are in money market funds, comprising 76% of all investments, and U.S. government issues comprising 24% of all investments. These are managed by the District's bank. These investments are indexed to earn ten basis points above that earned monthly by the State Investment Pool. These are collateralized up to 110%, in compliance with State law, with the collaterals held by a separate trustee bank.

The remaining portion of the District's investments, is investment in the State Investment Pool, more commonly known as LAIF. Investment in LAIF comprises less than 0.1% of all invested funds. This fund is not registered with the Securities and State Commission as an investment company but is required to invest according to California State Code. The fund is under the oversight of the Treasurer of the State of California through the Local Investment Advisory Board that consists of five members as designated by statute. Market valuation is conducted quarterly by the State Treasurer's office. In addition, it also conducts a monthly fair market valuation of all securities held against carrying costs. The fair value of the District's investment in this pool is reported in the accompanying financial statements at amounts based on the District's pro-rata share of the fair value of the entire portfolio net of any amortized costs as provided by LAIF.

Investment of funds held by bond trustees is governed by provisions of the debt agreements rather than the general provisions of the California Government Code or the District's investment policy. The current agreement of the District with bond trustee directs the trustee to invest in money market funds and US Treasuries, duly registered under the Federal Securities Act of 1933 and under the Investment Company Act of 1940, and having a rating by Standard and Poor's (S&P) of AAAm-G or AAAm or in any other investment acceptable to the bond insurer.

# **Custodial Credit Risk**

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code and the District investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the government unit). The fair value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure District's deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits. Deposits are insured up to \$250,000.

The investment in the State Investment Pool is not required to be collateralized. The fair value of securities in the pool is based on quoted market prices. The State Treasurer's Office performs a monthly fair market valuation of all securities held against carrying costs. Reports of valuations and financial statements are available to participants on the State Treasurer's website.

# Notes to the Basic Financial Statements June 30, 2023

# **NOTE 6 – LOANS PAYABLE**

#### California Infrastructure and Economic Development Bank – Direct Borrowing

On December 6, 2004, the District entered into a direct borrowing loan agreement with the California Infrastructure and Economic Development Bank (CIEDB) for a principal amount of \$5 million for the purpose of constructing and upgrading water delivery facilities. The loan is for a term of thirty years ending on August 1, 2034, with an interest rate of 3.05% per annum. The loan was modified on October 1, 2021, to a rate of 2.50% per annum and the same expiration date of August 1, 2034. Debt service payments are due in August and February each year. Net water system revenues were pledged to guarantee the loan. All projects covered by the loan were completed and closed out in January 2009. The outstanding principal balance of the loan at June 30, 2023, was \$2,842,112. In the event of a default, all unpaid principal and accrued interest would come due immediately in full with overdue installment payments accruing interest at the lesser of 12% per annum or the maximum rate permitted by law.

| Fiscal Year<br>Ended June 30 | Principal    | Interest   | Annual<br>Administrative<br>Fee | Total        |

# NOTE 6 – LOANS PAYABLE (CONTINUED)

#### **Solid Waste Collection Franchise Agreement**

Effective April 1, 2022, the District entered into an agreement with the County of San Luis Obispo to accept the assignment of a Franchise Agreement for solid waste collection. In consideration of the assignment of the Franchise Agreement by the County, the District agreed to pay the County \$1,196,772 over a 120-month period, interest-free, with monthly payments of \$10,000. The offset to this new debt has been reported as a franchise asset which will be amortized over a 120-month period.

Future payments to the County under this agreement are as follows:

| Fiscal Year<br>Ended June 30 |                 |

#### NOTE 7 – PENSION PLANS

# A. General Information about the Pension Plans

#### *Plan Descriptions*

All qualified permanent and probationary employees are eligible to participate in the District's separate Safety and Miscellaneous Employee Pension Plans, cost-sharing multiple employer defined benefit plans administered by the California Public Employees' Retirement System (CalPERS). Benefit provisions under the Plans are established by State statue and District resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Notes to the Basic Financial Statements June 30, 2023

#### NOTE 7 – PENSION PLANS (CONTINUED)

#### **Benefits** Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Miscellaneous Classic Plan and all Safety Plan members with five years of total service are eligible to retire at age 50 and new Miscellaneous members/PEPRA Plan members with five years of total service are eligible to retire at age 52, with statutorily reduced benefits. The death benefit is one of the following: the Basic Death Benefit, the 1959 Survivor Benefit, or the Pre-Retirement Option Settlement. The cost-of-living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

Contribution rates are based on the Actuarial Valuation Report as of June 30, 2022. The Plans' provisions and benefits in effect at June 30, 2023, are summarized as follows:

|                                      | Miscellaneous         |                   |  |

\* A new employee may transfer into the Classic Member formula if he/she comes from another agency participating in the CalPERS or reciprocal retirement system and did not have more than sixmonth break in service.

Notes to the Basic Financial Statements June 30, 2023

#### NOTE 7 – PENSION PLANS (CONTINUED)

#### Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plan is determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. Contributions to the pension plan from the District were \$61,813 for the Safety Plan and \$171,908 for the Miscellaneous Plan for the fiscal year ended June 30, 2023.

# **B.** Pension Liabilities, Pension Expenses and Deferred Outflow/inflows of Resources Related to Pensions

At June 30, 2023, the District reported net pension liabilities for its proportionate shares of the net position liability of each plan as follows:

|               | Sł | Proportionate<br>Share of Net<br>Pension Liability |  |  |  |
|---------------|----|--|--|--|--|
| Miscellaneous | \$ | 1,027,484  |  |  |  |
| Safety        |    | 576,077  |  |  |  |
|               | \$ | 1,603,561  |  |  |  |

The net pension liability was measured as of June 30, 2022 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021 rolled forward to June 30, 2022 using standard update procedures. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all Pension Plan participants, actuarially determined. At June 30, 2023, the District's proportionate share of the net pension liability for each Plan as of June 30, 2022 and June 30, 2023 was as follows:

|                              | Miscellaneous | Safety    | Total    |
|------------------------------|---------------|-----------|----------|
| Proportion - June 30, 2022   | 0.02066%      | 0.00882%  | 0.01298% |
| Proportion - June 30, 2023   | 0.02196%      | 0.00838%  | 0.01388% |
| Change - Increase (Decrease) | 0.00130%      | -0.00044% | 0.00090% |

# Notes to the Basic Financial Statements June 30, 2023

### NOTE 7 – PENSION PLANS (CONTINUED)

# **B.** Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

For the fiscal year ended June 30, 2023, the District recognized pension expense of \$66,709. Pension expense represents the change in the net pension liability during the measurement period, adjusted for actual contributions and the deferred recognition of changes in investment gain/loss, actuarial gain/loss, actuarial assumptions or method, and plan benefits. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

| Deferred Outflows<br>of Resources |         | Deferred Inflows<br>of Resources                        |   |
|-----------------------------------|---------|---|---|
| \$                                | 163,373 | \$  | -   |
|                                   | 44,476  |   | 20,075  |
|                                   |         |   |   |
|                                   | 279,178 |   | -   |
|                                   |         |   |   |
|                                   | -       |   | 90,305  |
|                                   | 90,241  |   | -   |
|                                   | 233,721 |   | -   |
| \$                                | 810,989 | \$  | 110,380   |
|                                   | of I    | of Resources \$ 163,373 44,476 279,178 - 90,241 233,721 | of Resources         of H           \$         163,373         \$           44,476         279,178           -         90,241           233,721 |

Deferred outflows of resources and deferred inflows of resources above represent the unamortized portion of changes to net pension liability to be recognized in future periods in a systematic and rational manner.

\$233,721 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ended June 30, 2023.

# Notes to the Basic Financial Statements June 30, 2023

#### NOTE 7 – PENSION PLANS (CONTINUED)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in the pension expenses as follows:

| Fiscal Year   |            |
|---------------|------------|
| Ended June 30 | Amount     |
| 2024          | \$ 125,599 |
| 2025          | 110,147    |
| 2026          | 60,535     |
| 2027          | 170,607    |
|               |            |
| Total         | \$ 466,888 |

#### Actuarial Assumptions

The total pension liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions:

**Miscellaneous and Safety** 

| Valuation Date            | June 30, 2021                                   |
|---------------------------|---|
| Measurement Date          | June 30, 2022                                   |
| Actuarial Cost Method     | Entry-Age Normal Cost Method                    |
| Actuarial Assumptions:    |   |
| Discount Rate             | 6.90%   |
| Inflation                 | 2.30%   |
| Salary Increases          | Varies by Entry Age and Service                 |
| Investment Rate of Return | 7.00% Net Pension Plan Investment               |
|                           | and Administrative Expenses; Includes Inflation |
| Mortality                 | Derived using CalPERS' Membership               |
|                           | Data for all Funds (1)                          |
| Post Retirement Benefit   | Contract COLA up to 2.30% until                 |
|                           | PPPA (2) floor on purchasing power              |
|                           | applies, 2.30% thereafter                       |
|                           |   |

- (1) The mortality table used was developed based on CalPERS' specific data. The table includes 15 years of mortality improvements using 90% Scale MP 2016 published by the Society of Actuaries. For more details on this table please refer to the 2017 Experience Study Report that can be found on the CalPERS website.
- (2) Purchasing Power Protection Allowance (PPPA) is a benefit designed to restore the original purchasing power of CalPERS retirees to a predetermined limit.

Notes to the Basic Financial Statements June 30, 2023

# NOTE 7 – PENSION PLANS (CONTINUED)

#### Discount Rate

The discount rate used to measure the total pension liability was 6.90 percent. To determine whether the municipal bond rate should be used in the calculation of the discount rate for public agency plans (including PERF C), CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on testing the plans, the tests revealed the assets would not run out. Therefore, the current 6.90 percent discount rate is appropriate and the use of municipal bond rate calculation is not deemed necessary. The long-term expected discount rate of 6.90 percent is applied to all plans in the Public Employees Retirement Fund, including PERF C. The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained at CalPERS' website under the GASB No. 68 section.

The long-term expected rate of return on pension plan investments was determined using a buildingblock method in which best-estimate ranges of expected future real rates of return (expected returns, net pension plan investment expense and inflation) are developed for each *major* asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

# Notes to the Basic Financial Statements June 30, 2023

# NOTE 7 – PENSION PLANS (CONTINUED)

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

|                                |                   | Long-Term Expected                 |
|--------------------------------|-------------------|------------------------------------|
| Asset Class                    | Target Allocation | Real Rate of Return <sup>1,2</sup> |
| Global Equity - Cap-weighted   | 30.0%             | 4.54%                              |
| Global Equity Non-Cap-weighted | 12.0%             | 3.84%                              |
| Private Equity                 | 13.0%             | 7.28%                              |
| Treasury                       | 5.0%              | 0.27%                              |
| Mortgage-backed Securities     | 5.0%              | 0.50%                              |
| Investment Grade Corporates    | 10.0%             | 1.56%                              |
| High Yield                     | 5.0%              | 2.27%                              |
| Emerging Market Debt           | 5.0%              | 2.48%                              |
| Private Debt                   | 5.0%              | 3.57%                              |
| Real Assets                    | 15.0%             | 3.21%                              |
| Leverage                       | -5.0%             | -0.59%                             |

(1) An expected price inflation of 2.30% used for this period.

(2) Figures are based on the 2021-22 Asset Liability Management study.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in Discount Rate

The following represents the District's proportionate share of the net pension liability calculated using the discount rate of 7.15 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (5.90 percent) or 1- percentage point higher (7.90 percent) than the current rate:

| 1% Decrease                   |    | scellaneous | Safety |         |  |
|-------------------------------|----|-------------|--------|---------|--|
|                               |    | 5.90%       |        | 5.90%   |  |
| Net Pension Liability         | \$ | 1,659,069   | \$     | 854,464 |  |
| Current Discount Rate         |    | 6.90%       |        | 6.90%   |  |
| Net Pension Liability         | \$ | 1,027,484   | \$     | 576,077 |  |
| 1% Increase                   |    | 7.90%       |        | 7.90%   |  |
| Net Pension (Asset) Liability | \$ | 507,845     | \$     | 348,558 |  |

Notes to the Basic Financial Statements June 30, 2023

# NOTE 7 – PENSION PLANS (CONTINUED)

# Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS financial reports.

# C. Payable to the Pension Plan

At June 30, 2023, the District had no amount outstanding for contributions to the pension plan required for the fiscal year ended June 30, 2023.

# NOTE 8 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

# **Plan Description**

*Plan administration*. The District provides post-retirement medical coverage through CalPERS under the Public Employees Medical and Hospital Care Act (PEMHCA), also referred to as PERS Health.

*Benefits provided.* The District offers the same medical plans to its retirees as to its active employees, with the general exception that upon reaching age 65 and becoming eligible for Medicare, the retiree must join one of the Medicare Supplement coverages offered under PEMHCA.

Employees become eligible to retire and receive District-paid healthcare benefits upon attainment of age 50 and 5 years of covered PERS service, or by attaining qualifying disability retirement status. The District's contribution on behalf of retirees is the same as for active employees – 100% of the PEMHCA premium for retiree and covered dependents, but not to exceed \$149 per month in 2023. Benefits continue for the lifetime of the retiree with survivor benefits extended to surviving spouses for PERS annuitants who elect pension options with survivor benefits.

The District pays a 0.25% of premium administrative fee on behalf of employees and retirees.

#### **Employees Covered**

As of June 30, 2022, actuarial valuation, the following current and former employees were covered by the benefit terms under the District's Plan:

| Active plan members   | 10 |
|---|----|
| Inactive plan members or beneficiaries current receiving benefits | 1  |
| Total   | 11 |

#### Contributions

The District currently finances benefits on a pay-as-you-go basis. No assets are held in trust.

Notes to the Basic Financial Statements June 30, 2023

### NOTE 8 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

### Net OPEB Liability

The District's Net OPEB Liability was measured as of June 30, 2022 and the total OPEB liability used to calculate the Net OPEB Liability was determined by an actuarial valuation as of June 30, 2021. Standard actuarial update procedures were used to project discount from valuation to measurement dates.

Actuarial assumptions. The total OPEB liability was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

| Salary increases           | 3.00%                                       |
|----------------------------|---|
| Inflation rate             | 2.75%                                       |
| Healthcare cost trend rate | 5.40% for 2022, 5.30% for 2023,             |
|                            | 5.20% for 2024-2069, and 4.00% for 2070 and |
|                            | later years                                 |

Pre-retirement mortality rates were based on the CalPERS Experience Study (1997-2015). Post-retirement mortality rates were based on the Healthy Recipients from CalPERS Experience Study (1997-2015).

Actuarial assumptions used in the June 30, 2021 valuation were based on a review of plan experience during the period July 1, 2019 to June 30, 2021.

*Discount rate.* For OPEB plans that are not administered through trusts that meet the criteria in Paragraph 4, GASB 75 requires a discount rate that is a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The discount rate used to measure the District's Total OPEB liability is based on the following information:

|                       |                  | Fidelity GO AA  |          |  |  |
|-----------------------|------------------|-----------------|----------|--|--|
|                       |                  | 20 Years        | Discount |  |  |
| <b>Reporting Date</b> | Measurement Date | Municipal Index | Rate     |  |  |
| June 30, 2022         | June 30, 2021    | 1.92%           | 1.92%    |  |  |
| June 30, 2023         | June 30, 2022    | 3.69%           | 3.69%    |  |  |

Notes to the Basic Financial Statements June 30, 2023

#### **Changes in OPEB Liability**

|   | Net OPEB<br>Liability |          |  |
|---|-----------------------|----------|--|
| Balance at June 30, 2022                          |                       |          |  |
| (Valuation Date June 30, 2021)                    | \$                    | 349,285  |  |
| Changes recognized for the measurement period:    |                       |          |  |
| Service cost                                      |                       | 36,498   |  |
| Interest  |                       | 7,384    |  |
| Difference between expected and actual experience |                       | -        |  |
| Changes of assumptions                            |                       | (92,036) |  |
| Contributions - employer                          |                       | (2,396)  |  |
| Net Changes                                       |                       | (50,550) |  |
| Balance at June 30, 2022                          |                       |          |  |
| (Measurement Date June 30, 2022)                  | \$                    | 298,735  |  |

Sensitivity of the net OPEB liability to changes in the discount rate. The following presents the net OPEB liability, as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (2.69 percent) or 1-percentage-point higher (4.69 percent) than the current discount rate:

|                    | Decrease<br>2.69% | Discount Rate<br>3.69% |         | 1% Increase<br>4.69% |         |
|--------------------|-------------------|------------------------|---------|----------------------|---------|
| Net OPEB Liability | \$<br>346,259     | \$                     | 298,735 | \$                   | 260,283 |

# Notes to the Basic Financial Statements June 30, 2023

### NOTE 8 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

Sensitivity of the net OPEB liability to changes in the healthcare cost trend rates. The following presents the net OPEB liability, as well as what the net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

|                    |    |             | Heal | thcare Cost |             |         |  |
|--------------------|----|-------------|------|-------------|-------------|---------|--|
|                    | 1% | 1% Decrease |      | end Rate    | 1% Increase |         |  |
| Net OPEB Liability | \$ | 254,013     | \$   | 298,735     | \$          | 355,070 |  |

# **OPEB** Expense and Deferred Outflows and inflows of Resources Related to OPEB

For the fiscal year ended June 30, 2023, the District recognized OPEB expense of \$19,042. As of the fiscal year ended June 30, 2023, the District reported deferred outflows and deferred inflows of resources related to OPEB from the following sources:

|  | Deferred Outflows<br>of Resources |        | Deferred Inflows<br>of Resources |         |  |
|--|-----------------------------------|--------|----------------------------------|---------|--|
| Differences between actual and expected experience | \$                                | -      | \$                               | 109,379 |  |
| Changes in assumptions                             |                                   | 53,944 |                                  | 81,496  |  |
| Total  | \$                                | 53,944 | \$                               | 190,875 |  |

Amounts reported as deferred outflows and deferred inflows of resources will be recognized in OPEB expense as follows:

| Fiscal Year<br>Ended June 30 | Amount       |

| Total                        | \$ (190,875) |

# Notes to the Basic Financial Statements June 30, 2023

#### **NOTE 9 – OPERATING LEASES**

The District has commitments to lease certain office equipment and facilities. The District entered into a 57-month lease for office space which began on February 1, 2019, and extends through October 31, 2023, for \$3,000 per month. The District also leases a copier at \$399 a month. This lease is renewable annually at the District's option in September each year.

For the year ended June 30, 2023, the District opted not to implement GASB Statement No. 87 - Leases, due to the minimal impact that the new standard would have on the District's financial statements.

Future lease commitments for the District as of June 30, 2023, are as follows:

| <b>Fiscal Year</b> |           |
|--------------------|-----------|
| Ended June 30      | Amount    |
| 2024               | \$ 12,798 |

#### **NOTE 10 – FUND DEFICITS**

As of June 30, 2023, the following funds had fund deficits:

| Drainage     | \$<br>20,962 |
|--------------|--------------|
| Vista de Oro | 216          |

#### NOTE 11 - FIDUCIARY BONDED DEBT - NON-DISTRICT DEBT

This debt is held in a trustee capacity for the homeowners of the Wastewater Assessment District No. 1 where the assessments are received from the Assessment District's property owners as collected on the County tax roll in order to pay the 2002 Wastewater Improvement Bonds debt service payments. The 2002 bonds were refunded on February 14, 2019, for a total savings of \$1,211,139.

Future annual repayment requirements for this debt are as follows:

| <b>Fiscal Year</b> | Wastewater   | Wastewater Improvement Refunding Bonds |              |  |  |  |  |  |
|--------------------|--------------|--|--------------|--|--|--|--|--|
| Ended June 30      | Principal    | Interest                               | Total        |  |  |  |  |  |
| 2024               | \$ 645,000   | \$ 359,725                             | \$ 1,004,725 |  |  |  |  |  |
| 2025               | 675,000      | 329,950                                | 1,004,950    |  |  |  |  |  |
| 2026               | 705,000      | 295,450                                | 1,000,450    |  |  |  |  |  |

| Total              | \$ 8,995,000 | \$ 2,031,187                           | \$11,026,187 |  |  |  |  |  |

Notes to the Basic Financial Statements June 30, 2023

# NOTE 12 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, property loss and damage, errors and omissions, and employee injury. The District carries all its insurance coverage over these risks and also for Workers' Compensation through the Special Districts Risk Management Authority (SDRMA). This agency is a Joint Powers Authority (JPA) consisting of special districts in the State of California. It is governed by a seven-member Board of Directors. All seven are elected at large from the membership to serve four-year terms. It has about 507 public agencies participating in the Property/Liability program and 447 agencies in its Workers' Compensation program. SDRMA's audit report for the fiscal year 2021-22, the latest one available, shows it had Net Position of about \$66.3 million.

The District has never incurred any uninsured losses since its inception.

# NOTE 13 – CONTINGENCIES AND COMMITMENTS

#### **Interlocutory Stipulated Judgment**

In September 2007, the District entered into an Interlocutory Stipulated Judgment (ISJ) with three other water purveyors in the community. The judgment was intended to provide a coordinated effort of all parties to manage the water basin by first preparing a comprehensive plan to address deficiencies that threaten the long-term viability of the water basin. The judgment provided for an equitable sharing of costs. The District's share is thirty-nine percent (39%). The District is current on this commitment which is funded in its annual budget.

#### **NOTE 14 – SUBSEQUENT EVENTS**

Management has evaluated subsequent events through December 5, 2023, the date which the financial statements were available to be issued. Based upon this evaluation, it was determined that there were no subsequent events that require recognition or additional disclosure in the financial statements.

**REQUIRED SUPPLEMENTARY INFORMATION**

# OTHER REPORT REQUIRED BY GOVERNMENT AUDITING STANDARDS

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors Los Osos Community Services District Los Osos, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Los Osos Community Services District (the District), as of and for the fiscal year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Los Osos Community Services District's basic financial statements and have issued our report thereon dated December 5, 2023.

# **Internal Control Over Financial Reporting**

In connection with our engagement to audit the financial statements of the District, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did not identify any deficiencies in internal control, described in the accompanying schedule of findings that we consider to be significant deficiencies.

Board of Directors Los Osos Community Services District Los Osos, California

# **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Los Osos Community Services District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

# **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
