The July 16<sup>th</sup> BMC agenda includes a discussion on the engineering portion of the Recycled Water Facilities Study and a letter of support for the Cabrillo Estates neighborhood connecting to the sewer. Further discussions on the results of the calibrated Transient Groundwater Model are on hold pending the availability of Spencer Harris. An overview of the Baseline Technical Memorandum will be provided at the meeting

Staff would encourage the committee members to review BMC agenda documents online prior to the UAC meeting.

The following is a link to the BMC website where you can find the agenda and reports when available.
